

Mayor's Message
November 2020

As we enter the month of November and anticipate the Thanksgiving season, let's reflect on what great blessings we have in our community. No success is without hardship along the way and we have not been absent of any difficulties. However, in the midst of one of the most difficult years in history and all that this year has brought as challenges, we, have worked together to find our way through. The heart of Surf City continues to beat loudly through the everyday actions of our citizens.

Thanksgiving has become a season of giving and caring for one another over the course of American history. It is my hope to see that we carry the spirit of Thanksgiving throughout our year in our community and that we always seek to make a positive difference in the lives of our neighbors. That we extend a helping hand where we can and that we seek out the things to be thankful for.

November 3, 2020 will be another historical moment in time as we have the presidential election taking place. May we remember that we are friends and carry the spirit of Thanksgiving toward one another no matter the outcome.

Town Council and Staff continue to work diligently on our town hall and beach nourishment projects. Although we have had many things postponed throughout this year, our projected timelines are in place and we are hopeful to see things come to fruition in 2021. Our Town Hall is still on track for a grand opening in April 2021 and our Beach Nourishment Project is tentatively set to begin in the summer of 2021. I am thankful for a strong team that works together for our community needs.

Please know that I continue to humbly serve your needs and desires for our community with a full heart and commitment. It is my great privilege to lead this town and I am thankful to be here. I wish each and every one of you a very Happy Thanksgiving and hope you enjoy the holiday with those you love.

Let us remember that all American citizens are brothers of a common country and should dwell together in the bonds of fraternal feeling.
~ Abraham Lincoln
